

2ND, 5TH, & 6TH STREET PROTECTED BIKE LANE PROJECTS OPEN HOUSE

Neighborhood Open House

2nd, 5th, & 6th Streets south of Spring Garden Street

PROJECT OBJECTIVES:

1. Create high-quality northbound and southbound bicycle connections to and from Northern Liberties
2. Improve intersections where bikes and vehicles mix
3. Refresh crosswalks and roadway striping
4. Build high quality bicycle network links with the Transportation Alternative Program funding for protected bike lanes

In partnership with Northern Liberties Neighbors Association, Franklin Bridge North Neighbors, Northern Liberties Business Improvement District, and the Old City District, oTIS will share plans and gather feedback for protected bicycle lane projects on 2nd, 5th, & 6th Streets. Treatments will vary along sections of each corridor and oTIS will gather feedback at the meeting to determine next steps.

WHY PROTECT BIKE LANES?

Protected bike lanes make corridors safer for people walking, biking, and driving, make dedicated space for bicycles in the roadway and encourage more Philadelphians to consider biking for transportation.
